

Matching Accessibility Issues from Module 6 to WCAG Principles (Quiz 1)

⚠ This is a preview of the published version of the quiz

Started: Mar 4 at 12:46pm

Quiz Instructions

For each accessibility issue from last week's module, provide the associated guideline, success criteria and its level of conformance (i.e. level A, AA or AAA) from [WCAG QuickRef](https://www.w3.org/WAI/WCAG21/quickref/) (<https://www.w3.org/WAI/WCAG21/quickref/>). For example, if we had covered Captions for pre-recorded video last week, the associated guideline is [Guideline 1.2 – Time-based Media](https://www.w3.org/WAI/WCAG21/quickref/#time-based-media) (<https://www.w3.org/WAI/WCAG21/quickref/#time-based-media>) and the success criteria would be [1.2.2 Captions \(Prerecorded\) Level A](https://www.w3.org/WAI/WCAG21/quickref/#captions-prerecorded) (<https://www.w3.org/WAI/WCAG21/quickref/#captions-prerecorded>). You do not have to go back to Module 6 (or any other module or assignment). The accessibility areas we covered will be shown in the quiz questions.

The success criteria would appear as follows on the [WAI QuickRef guide](https://www.w3.org/WAI/WCAG21/quickref/) (<https://www.w3.org/WAI/WCAG21/quickref/>).

The screenshot shows the WCAG QuickRef website interface. On the left is a navigation menu with sections: 1. Perceivable, 1.1 Text Alternatives, 1.1.1 Non-text Content, 1.2 Time-based Media, 1.2.1 Audio-only and Video-only (Prerecorded), 1.2.2 Captions (Prerecorded), 1.2.3 Audio Description or Media Alternative (Prerecorded), 1.2.4 Captions (Live), 1.2.5 Audio Description (Prerecorded), 1.2.6 Sign Language (Prerecorded), 1.2.7 Extended Audio Description (Prerecorded), 1.2.8 Media Alternative (Prerecorded), and 1.2.9 Audio-only (Live). The main content area shows 'Selected Filters: WCAG 2.1: all success criteria and all techniques.' and 'Clear filter'. Below this is the heading 'Guideline 1.2 – Time-based Media' with the sub-heading 'Provide alternatives for time-based media.' The first sub-section is '1.2.1 Audio-only and Video-only (Prerecorded) — Level A' with a description: 'For prerecorded audio-only and prerecorded video-only media, the following are except when the audio or video is a media alternative for text and is clearly label' and two buttons: 'Show full description' and 'Show techniques and failures for 1.2.1'. The second sub-section is '1.2.2 Captions (Prerecorded) — Level A' with a description: 'Captions are provided for all prerecorded audio content in synchronized media, e when the media is a media alternative for text and is clearly labeled as such.' and a button: 'Show techniques and failures for 1.2.2'.

Your answer to the question should be entered as follows:

Question 7

The WCAG guideline and success criteria providing ca for the audio portion of prerecorded multimedia falls ur

Guideline 1.2 – Tim and 1.2.2 Captions (Pre , respectiv

Answer 1:

Correct!

Guideline 1.2 – Time-based Media

Answer 2:

Correct!

1.2.2 Captions (Prerecorded) Level A

If your answer is slightly off by a dash ('-') or other character I will correct the grade when I review the quizzes.

Question 1

3 pts

The WCAG guideline and success criteria for having headings properly marked up and organizing the content on the page is and

, respectively.

Question 2

3 pts
