Nature of Organization

The mission of the Department of Comparative Medicine at the University of Washington is to foster knowledge and improve the health and well-being of humans and animals by advancing research and training in comparative medicine and biology.

Duties and Responsibilities

Maintaining surgical operating rooms and anesthesia machines, maintenance and sterilization of surgical packs and instruments, basic office work tasks such as filing, faxing and data entry. Maintaining drug and surgical equipment inventory, setting up and cleaning up after surgery. The opportunity to work with vet staff and observe surgeries is allowed when appropriate for interested and competent students.

Minimum Qualifications

Application is open to currently enrolled, full time students at the University of Washington. Students that are able to make a one-year commitment to the position, including summer quarter are preferred. Preference for Freshman, Sophomore, Junior, Graduating June 2023 - June 2025. Interest in biomedical research or veterinary medicine is desirable.

Educational Benefits

Students will gain knowledge about the scientific process especially with regard to animal use protocols. Students will be exposed to veterinary technicians and veterinarians working in pathology and laboratory animal clinical medicine. Students will have the opportunity to become familiar with veterinary surgical equipment, surgery set up and surgical suite maintenance.

How to Apply

Please email a Cover Letter describing relevant skills and interests with a Resume to gfye@uw.edu
