

# Want research experience?

*Learn how to:*

- Create permanent slides
- Process microscopy images
- Work in a lab
- Make **3D** prints
- Analyze data
- Present your research
- Write scientific manuscripts
- Work as part of a team

## Join the Strömberg Lab!

### Undergraduate research volunteers needed!

Learn about Paleobotany and Paleoecology.

Learn what a phytolith is and how they can be used to reconstruct past ecosystems.

Help build a tool to aid in microfossil identification.

## Interested?

Please contact Caroline Strömberg ([caestrom@uw.edu](mailto:caestrom@uw.edu)).

We look forward to hearing back from you!
