

SPRING 2023: PHARMACY 301

DO YOU EVER WONDER...

- How drugs and vaccines work?
- Are herbal remedies effective?
- About the best way to prevent and treat illnesses?
- What is going on with all those scary side effects listed in TV commercials for medications?
- The rewards and benefits of a career as a pharmacist or other health provider?

MEDICATIONS AND HEALTH: IT'S NOT ALL ABOUT DRUGS

A science, health and wellness course designed to help you answer these and many other questions.
